

Suggestive Points for the short introductory video on SOLVE FOR SAKTHI

1	There could be an animation for the Sakthi Auto logo in the opening slide
2	SOLVE FOR SAKTHI could be designed as a logo and could be included in all slides
3	SOLVE FOR SAKTHI could be added with a tagline Web portal for Industry - Institution collaboration
4	KIOT logo could be moved to the last slide - logo to be displayed with full college name with a line "Project developed by"
5	Name of the company - Sakthi Auto Component Limited - present adjacent to the company's logo should be removed
6	Try to bring the voice over content in the slide as sub title
7	00.34: "To close this gap, we are introducing SOLVE FOR SAKTHI" should be in a separate fresh slide - so that the name, initiative impact would be clearly visible
8	00.42-1.06: Instead of showing the portal, voice over content such as portal to "bridge the divide", "ensure seamless communicate" "facilitating real time problem solving" and so on could be as an animated bullet point in the slide
9	1.07: "" in SOLVE FOR SAKTHI to be removed and the question mark could be zoomed in with animation effect
10	1.17: Instead of "From simple concept" to "Potential consultancy engagement" the content should be "Industrial Challenges get notified as Problem statements" and "best young talents start solving it for Sakthi"
11	1.21: Instead of terming as "CORE CONCEPT", we can say it as STEP. STEP 1 : College on boarding, STEP 2: Uploading Challenge statements, (Use "Industrial Challenge" instead of "Problem statement") STEP 3: IDEA SUBMISSION, STEP 4 : EVALUATION & SELECTION
12	3.01: The following information should be made. "After assessing the ideas submitted and their viability, the evaluators from Sakthi Auto can get the concerned team from the college through HR to solve the challenge in real time"
13	After the above content, go to a fresh slide and display the following information "Solving the challenge could be through a Mini / Major project or a consultancy activity involving the faculty. This could be grown up as a research work by the college concerned"
14	3.05-3.21: Start displaying the contents of the voice over as bullet points in the slide along with the voice over and sub title
15	Before "Thank You" slide, display the Point no 4 and close the presentation with animated logos of Sakthi Auto, SOLVE FOR SAKTHI
